SOUND QUALITY : Overall Sound Quality	Section Score [] out of 20 points.
How good does the overall system sound? A good analogy is "Can I jam on this system for the drive home and not get tired of listening to it"? Keep in mind that not everyone listens to the same kind of music so an audio system that will score highly will play all of these different types of music equally as well.	1 - 20

LISTENING DISTANCE
The score is the actual score on the Listening Distance due to the fix distance of the applied class
